A picture can never capture the depth of colour or the true beauty of stone, so the pictures in this catalogue are mainly to indicate design options.

All the Memorials are Natural Stone and all designs shown are available from stock in a variety of colours.

As these monuments are made from a natural product, the colour may vary, and this is part of the uniqueness of stone.

Our company can supply memorials to individual specifications, in granite or marble and provide a comprehensive service to achieve the desired result.

*We* also stock a wide range of grave accessories.
